Tricky Math!

Look at the numbers and continue the sequence:

21	22	23	24		

Figure out the calculations:

$3 + 5 =$ 7 $17 - 9 =$

These calculations are more advanced:

```
  158          348          898
+ 421        + 432        - 281
_____        _____        _____
                            6 17
```
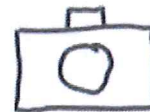

1. *Print*
2. *Fill in*
3. *Scan the QR Code*
4. *Take a picture of the sheet*
5. *Use Herby with your class (www.herby-web.ch)*

Hi test user!
